"Helping others help themselves"

To Whom It May Concern:

We had our first Hearts and Hands Gala Auction and we hired Pat Grant with Avid Auction as our auctioneer. He gave us an excellent and a professional service. He prepared all our auction items in such a manner that the revenue was much higher than we had anticipated. He also helped us generate thousands of dollars in revenue. We feel if we had done the preparation ourselves, our sales would not have been so successful. We found him to be honest and operated his business very professionally.

Pat Grant gave us excellent service and we would not hesitate to recommend him to anyone.

Respectfully,

Cash Carlos
