To Whom It May Concern:

I have organized and attended several auctions that Pat "Trick" Grant has been involved with.

He has done guest auctioneering for Skagit Adventist Academy, he was the auctioneer for the Estate Sale auctions that we have had at Skagit Adventist Academy and I had the privilege of attending the Hospice Auction this past June and will be attending the Rotary Auction on October 1, 2011 in Anacortes.

When describing Pat as an auctioneer the words charismatic, energetic, charming, and magnetic come to mind. He captures the audience and keeps their attention throughout the auction. He is very easy to work with and does whatever is necessary to make the auction successful. He offers helpful suggestions to the "old hats" of fundraising and provides experience to those who are organizing auctions for the first time.

I would recommend Pat Grant for any auction or fundraising event that you might have – you will be pleased with your decision. With Pat involved in your event you can expect to see your bottom line increase and attendee's excited about coming back next year.

Respectfully,

Sheryl Carman  
Event Planner
